

Mast Platform VECTOR Sky-5.0, Sky-6.0, Sky-8.0

Mast Height	170		1	1.6m platform	8	Non Standard Platform			
No.	Name	Picture	Descriptions				Remarks		
1	电动底架Wheel chassis with drive		Motorized type, Chinese motor reducer, painted. (If using SEW or NORD, extra cost is CNY10000)				Compatible with Scanclimber		
	Fixing Chassis								
2	700型标准节Mast section		700*700*1257mm, m=8, 20m high(including 16pcs of galvanized mast section)				Compatible with Scanclimber		
3	Driving System Sky-5.0		1set,2×...kw Chinese gearbox and motor, centrifugal safety device is SRIBS SAJ80-0.5				Compatible with Scanclimber		
3	Driving System Sky-6.0		1set,2×...kw Chinese gearbox and motor, centrifugal safety device is SRIBS SAJ80-0.5				Compatible with Scanclimber		
3	Driving System Sky-8.0		1set,2×5.5kw Chinese gearbox and motor, centrifugal safety device is SRIBS SAJ80-0.5				Compatible with Scanclimber		
4	Top Guiding device		1set of guiding device				Compatible with Scanclimber		
	Crane for mast installation and other accessories								
5	Triangle platform section		三角架平台为1.6*1.6m, 主框架为钢结构, 地板为5mm防滑铝板焊接成型, 8套-1600大平台,16.9米长, 载重量2800kg/16.9m				Compatible with Scanclimber		
6	Standard guardrail		twice of platform section quantity, totally 16 pcs				Compatible with Scanclimber		
7	Ladder		2pcs for single mast platform,				Compatible with Scanclimber		
8	Side Guardrail		telescopic type , 2 pcs for single mast platform				Compatible with Scanclimber		
9	Small Guardrail neaby the driving system		1 set for single mast platform				Compatible with Scanclimber		

11	electric control system		compatible modular for both single mast and double mast, Schneider electric components	Our own design		
12	Tie-in Type B		2sets	Compatible with Scanclimber		
	Tie-in Type C					
13	Monorail		Same length as platform length, including 1 set of manual trolley and chain hoist	Our own design		
14	Cable and accessories		Device with limit switch, prevents the rupture of the power cable	Our own design		
			Power cable. Price for metr long, 12mm2	Our own design		
10	cable bucket		hot galvanized	Our own design		
15	cable bucket for travelling		Capacity 100m power cable	Our own design		
15	Extension Platform(1.6mx2.5m), excluding aluminum floor		KIT of Extension Platform(1.6mx2.5m), excluding aluminum floor			
16	Part 5					
17	Part 6					
18	Part 7					
19	Extension Platform(1.6mx1.8m)		KIT of Extension Platform(1.6mx1.8m), excluding aluminum floor			
20	Part 4		railing Pocket for pipe end			
21	Part 5		high railing pocket			
22	Part 6		pipe for extension			
23	Extension Platform, L=6m, excluding aluminum floor		KIT of Extension Platform, L=6m, excluding aluminum floor			
16	Others		including limit device, bolts and nuts, packing fees etc.			
			FOB , lead time 60days(excluding 25days for Chinese Spring Festival)
